

## Call for Submissions

### WHITE COAT Warm ART 2011

#### An Art Exhibit, at the CCME Meeting, May 2012

We are pleased to announce the third Canadian Conference on Medical Education (CCME) Art Exhibit entitled: White Coat, Warm Art. This exhibit will showcase the creative talents of medical and other health sciences faculty, residents, students, and physicians and other health professionals from across Canada.

This will be a **juried exhibition**. Entries will be accepted in a wide variety of categories, including oils, watercolour, photographs, pastels, etchings, pen and ink, etc. There will also be some limited space for the display of small sculptures.

**Artistic Selection:** Preference will be given, for the live exhibit, to **pieces of art that capture the human experience of practicing and/or learning medicine**, however art that is not related to that specific theme, will also be considered. Selection for all pieces will be based on artistic merit, and demonstration of skill in their medium of choice.

Judging will be carried out online so **all entries must be sent in as digital images**. For paintings and sculptures please include a clear digital image of the artwork showing as much detail as possible.

- Artworks must be originals, created by faculty, residents, students or those involved in the healthcare / wellness field.
- A maximum of 2 artworks per artist can be submitted.
- **Selected works must be framed or hang-ready (no exceptions); transportation of pieces to the exhibit will be of the responsibility of the submitting artist. Please keep this in mind when submitting larger pieces.**
- All digital images must have a resolution of 96 DPI or a file size of at least 2MB
- **Include in your email: Title of Piece, Size, Media and Creation Date; your name, phone number and email address and a short artists statement ( 60 words max.)** about how your artistic endeavors affect your life in terms of life balance, well being, compassion, creativity, etc. *There may be opportunities for CMAJ and/or Ars Medica to reproduce some of the works.*
- **Email submission to: [whitecoatwarmart@gmail.com](mailto:whitecoatwarmart@gmail.com)**  
**NO LATER than FRIDAY JANUARY 6<sup>th</sup>, 2012.**
