

**Motion to Adopt Policy Position “CFMS Task Force for National Seniors’ Strategy in Medical Education”**

**Whereas** educating all future physicians to be competent in providing care to the geriatric population is essential to meet the growing needs of the Canadian population.

**Whereas** seniors’ populations should be able to access appropriate health care services within health care facilities, as well as receive adequate support in navigating through these services.

**Whereas** communication should be improved between physicians and caregivers to improve care, as well as raise awareness for caregiver burden.

**Whereas** advocacy should be encouraged for further caregiver support, community-based care, and creation of age-friendly spaces.

**Whereas** medical students should be offered adequate opportunity to learn and be assessed in managing crucial aspects of geriatric medicine.

**Be it resolved that the CFMS** adopt the position paper "CFMS Task Force for National Seniors’ Strategy in Medical Education" and in doing so, make public their opinion and defending the position when the opportunity arises.

**Financial cost (estimate) \$0**
