

Resolution for Discussion Paper titled:

Unmatched Canadian Medical Graduates

Whereas, in 2020, 79 Canadian medical graduates did not match to a Canadian residency position and are therefore unable to practice as physicians;

Whereas the yearly number of unmatched Canadian medical graduates has remained at a concerning level for the past decade;

Whereas the AFMC and CFMS have expressed concerns about the number of unmatched Canadian medical graduates, supports available to them, and selection processes used during the R-1 Match;

Be it resolved that the CFMS adopt the discussion paper titled *Unmatched Canadian Medical Graduates*.

Financial cost:

There is no associated financial cost to the adoption of this discussion paper regarding unmatched Canadian medical graduates.

Source of funding:

Not applicable to adopting the discussion paper at this time.

Level of Effort of Volunteers/Staff:

The level of effort on behalf of the CFMS and its representatives will involve further research and discussion to determine how best to support and advocate for a reduction in the number of unmatched Canadian medical graduates.
