III. CONCLUSIONS

I was appointed NEO-Incoming this July, 2019 and since then, I have had an amazing experience so far. I have been in contact with both the NEO-Outgoing and previous NEO-Incoming, and have been slowly transitioning further into my role. I have had the opportunity to arrange SCOPE/SCORE exchanges for incoming students already, while working on future ones currently as well. I also have been working with the LEOs, elective coordinators and other NEOs to ensure smooth applications and transition for incoming students to come to Canada for their exchanges. I also enjoyed attending the IFMSA August Meeting 2019 in Taipei, Taiwan as the SCORE representative for CFMS. I was able to network with other NEOs from other NMOs and promote our exchange programs and LC’s for potential incoming students. We signed contracts with various NMOs. As NEO-I, it has been a fulfilling role so far in being able to promote SCOPE/SCORE exchanges to both CFMS outgoing students and to promote our exchange program and the Canadian healthcare system and our medical schools to incoming students coming to Canada.

I am excited for the next contracts season to begin next year. I also will reach out to universities to renew their SCOPE/SCORE contracts for the next contracts season very shortly and aim to hopefully get more universities involved with the exchanges either for next season or the season after, depending on the results from the National Exchanges Task Force that will be assembled during/post-CFMS AGM2019. I also look forward to working with the Task Force.

Please do not hesitate to contact me if you have any further questions. Thank you CFMS, and especially to Michelle, Charly and Hillary for answering all my questions and being supportive to me during my time as NEO-I so far.
